OUR FACULTY

Our faculty members bring **real-world experiences into the classroom** to engage you in meaningful dialogue and critical thinking. They consistently **rank highly for mentorship, academic experience and teaching quality.**

Do you like to find answers, solve problems, analyze data and help people? Get ready for a rewarding, challenging, well-paying career in accounting.

Accountants are smart, organized, detail-minded, objective professionals who are good communicators and possess high integrity. You can work for Fortune 500 companies, not-for-profits, governments, startups, schools and more, or you can pursue a Master of Accounting to become eligible to take the CPA exam. As a Certified Public Accountant, you can enjoy a career in tax preparation and planning, audit and assurance, advisory, risk management or valuation.

Career Options

The *average starting salary* for TCU Neeley Accounting Majors is nearly **\$62,000**.

What Sets Us Apart

TCU Professional Program in Accounting (PPA)

The TCU PPA emphasizes academics, professional development and career planning for a seamless path from the BBA to the one-year Master of Accounting program. The PPA Seminar, a one-hour course for juniors, covers communication, networking and strengths assessment, and introduces you to career opportunities and accounting professionals.

Jobs and Internships

TCU accounting majors have a 94% job placement rate at graduation. Almost 100% of juniors have paid internships.

Advisory Board

Get advice, internship experience, mentoring, and more from the accounting advisory board members representing more than 19 impressive companies.

Accredited by AACSB

TCU is one of only 180 elite accounting programs in the world accredited by the Association to Advance Collegiate Schools of Business, the hallmark of excellence in business education.
